STATE OIL AND GAS BOARD OF ALABAMA
EMERGENCY HEARING OFFICER MEETING
APRIL 25, 2008

DOCKET NO. 4-25-08-1

Emergency Petition by SKLAR EXPLORATION COMPANY, LLC, a Louisiana limited liability company authorized to do and doing business in the State of Alabama, requesting that the State Oil and Gas Board of Alabama enter an emergency order approving an exceptional bottom hole location for a sidetrack of the Craft-Ralls 4-2 No. 1 well, Permit No. 15614-B, (with such well to be given such new name and/or permit number as appropriate) on a wildcat 160-acre unit consisting of the Northeast Quarter of Section 4, Township 4 North, Range 13 East, Conecuh County, Alabama. The surface location is 2,282 feet from the eastern boundary and 34 feet north of the northern boundary of said unit and is located in Section 33, Township 5 North, Range 13 East, Conecuh County, Alabama. The current bottom hole location of said well is at a regular location in Section 4, but Petitioner proposes to sidetrack said well to a bottom hole location that is located no closer than 370 feet from the North line and 330 from the west line of the unit. Said bottom hole location is located less than 660 feet from the exterior boundary of the unit and is an exception to Rule 400-1-2-.02(2)(b) of the State Oil and Gas Board of Alabama Administrative Code. This petition is filed pursuant to Ala. Code Sections 9-17-1, et seq. (and, in particular, Section 9-17-12, as amended) and Rules 400-1, et seq. (and, in particular, Rule 400-7-1-.04) of the State Oil and Gas Board of Alabama Administrative Code.

BOARD ACTION: Granted 4-25-08

ORDER NO. E-2008-65
